TSC TO TEU-- Tyler State College will officially become Texas Eastern University as a result of action of the Texas Legislature passing a name change bill and the signing of the bill by Gov. Dolph Briscoe on May 26. The bill becomes law 90 days after the state legislature adjourned. A special bill signing ceremony was attended by several Tylerites, TSC/TEU regents and representatives. Around the desk of Gov. Briscoe are,

from left to right, Freeman Carney, Isadore Roosth, Mrs. Freeman Carney, A. W. Riter, Jr., Mrs. Isadore Roosth, Ben Fitzgerald, Ralph Spence, Charles Childers, State Representative Bill Clark, Harry Loftis, Dr. B. H. McVicker, Dr. James H. Stewart, Jr., Jack C. Morgan, Robert G. Schleier, State Senator Peyton McKnight, Henry M. Bell, Jr., C. Quentin Abernathy, H. J. McKenzie and Dr. Paxton Hart.

A QUARTERLY PUBLICATION OF TYLER STATE COLLEGE, TYLER, TEXAS

Programs, Classes And Students Fall Plans Focus On Growth

New programs and more courses are offered at Tyler State College/Texas Eastern University this fall.

New graduate programs are offered in the School of Business and School of Humanities and Social Sciences.

Classes are up from 184 offered in the fall of 1974 to 278 offered this fall, an increase of 51 percent.

These additions within each individual school have been made to meet the needs of a growing student body.

"Applications for admission are running ahead of the past two years, and part of this can be attributed to new programs available this fall," Dr. O. Robert Marsh, dean of admissions and records, said. "Expanded course offerings are attracting more people. Also, we are offering more courses at different times."

Dr. Marsh anticipates a substantial increase in enrollment above the 1108 students who enrolled in the spring semester of 1975.

The Master of Arts and Master of Science in Interdisciplinary Studies offers the student the opportunity to develop a program designed to suit his particular needs by combining courses from three or more disciplines in either the arts or sciences.

Dr. Frank Smyrl, dean of the School of Humanities and Social Sciences, said the degree "is characterized by a breadth of study not normally encouraged in traditional master's programs which build around a narrow field or major. This program is also different from traditional programs because it allows a greater amount of classroom study as opposed to narrow specialization and independent research--a quality which will appeal to many students who find themselves needing the qualifications of generalists rather than specialists.

"Many people have shown the desire to

do graduate study for personal enrichment and enjoyment, and for them this degree program will provide the vehicle they need for the development of their general education needs."

The concept of a master's program in interdisciplinary studies in lieu of a major is relatively new, and only four other institutions in Texas presently offer it.

In the fall semester, virtually every discipline within the arts and sciences will be represented with one or more graduate courses which can be applied toward these new degrees. The addition of seven new faculty members who hold the earned doctorate will provide much depth to the available offerings.

Each of the departments in the arts and sciences will offer a significantly larger number of courses in the fall

semester as compared to a year ago. Some departments have expanded enough to allow a 50 to 100 percent increase, making selection of courses much easier for students.

New in the School of Business is a Master of Business Administration degree. The 30 hour non-thesis program "has been designed primarily to serve the East Texas students working in this area," according to Dr. George Joyce, dean of the School of Business.

"There is an extensive demand for those people working in different levels in business organizations who wish to expand their knowledge and to prepare for managerial responsibility," Joyce said.

Planning for the MBA started in the summer of 1974 with final approval received in March, 1975.

"A lot of new people with fantastic expertise, new courses and new programs," is the way Dr. W. A. Mayfield explains what will be taking place in the Technology and Applied Studies School where he serves as dean.

"We are starting basically with a full-time faculty for the first time. We have two new law enforcement people, a new person in computer science, and the first offering of nursing courses in the nursing program," Mayfield said.

"We have had good response on the Bachelor of Applied Arts and Sciences degree. This is a very flexible program which takes people in technical and vocational interest and a degree program is designed to meet their needs," he added.

Day and night courses are being offered for the first time in law enforcement. In the nursing field, students have been taking related courses up until this point. Computer science classes are designed to serve three areas--the beginner in the field, majors in the field and others who are now involved in computer work in business and industry.

Additional faculty members will do two major things in the School of Education and Psychology, according to Dr. Robert Cox, dean.

"The new faculty members will help us provide more alternatives at the graduate level and strengthen our instructional teams at the undergraduate level as well as increase the alternatives available," Cox said.

"We have added courses in several fields because of needs of students and program needs," Cox said.

The fall schedule shows 71 listings in the School of Education and Psychology, 48 in the School of Humanities and Social Sciences, 46 in the School of Fine and Performing Arts, 41 in the School of Business, 40 in the School of Technology and Applied Studies and 32 in the School of Sciences and Mathematics.

Association Grants Full Membership

Tyler State College / Texas Eastern University has been granted full membership in the Association of Texas Colleges and Universities. Announcement of the full membership was made in April at a meeting of the Association in Austin.

TSC/TEU representatives attending the Austin meeting were President James H. Stewart, Jr. and Dr. Gerald L. Morris, interim vice president for academic affairs.

Full membership status is normally granted an institution after it has received full accreditation from the Southern Association of Colleges and Schools. Tyler State received full accreditation from the Southern Association in December.

TSC/TEU has been an affiliate member of the Association of Texas Colleges and Universities for the past two years.

FALL SEMESTER, 1975

August 26	General faculty meeting 10 a.m.
August 27	Registration 1 p.m. to 8 p.m.
August 28	Registration 1 p.m. to 8 p.m.
September 1	All offices will be closed
September 2	Classes begin
September 9	Last day for registration and making schedule changes
October 14	Last day to drop a course with an automatic grade of "W"
November 26	Classes dismissed at 5 p.m. for Thanksgiving holiday
November 27-28	All offices will be closed
December 1	Classes resume at 8 a.m.
December 3	Last day to drop a course
December 12	Convocation
December 15-19	Final examinations
December 19	Semester ends
December 24-Jan. 2	All offices will be closed

Library Is Vetoed

Biennium Funding Totals \$14 Million

State appropriations of \$14,012,202 for the next biennium for the continued operation and construction of Tyler State College/Texas Eastern University were approved by the 64th Texas Legislature and signed by Gov. Dolph Briscoe.

Funds are to provide for the construction of two buildings in addition to \$7.7 million for operating expenses during the two-year period.

The appropriations bill provides \$3,566,240 for operating expenses in 1975-76 and \$4,168,314 for operating expenses in 1976-77. The operating expenses in 1975-76 represents an increase of \$1,654,976 or 87 percent over the \$1,911,264 appropriated for the same purpose in 1974-75.

Appropriations for new construction total \$6,277,648. These funds have been included in the 1975-76 budget to provide \$3,041,947 for a School of Sciences and Mathematics Building and \$3,235,701 for a School of Business Building.

An additional \$3,730,997 which was provided by the Legislature was vetoed by Gov. Briscoe. Two line items pertaining to Tyler State College/Texas Eastern University were vetoed by Gov. Briscoe. These included \$3,715,997 which has been provided for the construction of a library during Phase II of the construction program and \$15,000 for moving expenses.

"Needless to state, I was very disappointed that Gov. Dolph Briscoe vetoed our funds for the library building," Dr. James H. Stewart, Jr., president of TSC/TEU, said.

"Even though each of us shares in the great disappointment resulting from the loss of the library construction funds, I think we should be cognizant of the fact that we did meet with some success in the legislative session which has just ended and continue to think positively about the future."

The two vetoes affecting TSC/TEU had nothing to do with lack of Coordinating Board approval, as some reports indicated.

The complete message of Gov. Briscoe pursuant to the veto of the library funds (Item 8b) and for moving expenses to the new campus (Item 9a) follow:

"House Bill 139, Acts of the Sixty-third Legislature, Regular Session, provided a biennial appropriation of \$9,130,962 for construction site development, capital outlay and architectural and engineering fees and services. In addition to these construction projects, Senate Bill 52 provides \$3,041,947 for completion of the School of Sciences and Mathematics Building and \$3,235,701 for a School of Business Building. With the authorization of these two buildings and completion of the

construction program authorized by the Sixty-third Legislature, adequate facilities should be available to meet the projected student enrollment at Texas Eastern University. Future space needs of this upper level institution can then be evaluated during the next budgetary process. For these reasons, I am vetoing this item."

The moving expense veto carried this message: "Sufficient funds are available in other items of appropriation for this purpose. Therefore, I am vetoing this item."

DR. DONALD M. ANTHONY

Anthony Named Vice President

Dr. Donald M. Anthony has assumed his duties of vice president for academic affairs at Tyler State College/Texas Eastern University. His appointment to the position was approved at a meeting of the board of regents on April 28.

Dr. Anthony replaced Dr. Billy L. Turney who resigned in February to accept a position at another institution.

The new vice president comes to Tyler from the Northeast Campus of Tarrant County Junior College, Fort Worth. He served as president of the Northeast Campus.

Dr. James H. Stewart, Jr., president of TSC, said, "Dr. Anthony has both depth and breadth of experience as a college faculty member and administrator. His broad professional background in higher education includes teaching from the lower-division level to graduate work at the doctoral level, and administration at the lower-division and upper-division levels."

"Dr. Anthony has the intellectual capacity, energy, and enthusiasm, as well as the personality and other leadership qualities necessary to give strong direction and guidance to our academic and student affairs programs through his work with the deans and faculty."

"Dr. Anthony's tenacious commitment to academic excellence is consistent with our institutional goals at Tyler State College/Texas Eastern University and therefore his professional work through his commitment will serve Tyler State and our students well as his influence is felt in our organization. He is a man of vision and dreams who is capable of turning those visions and dreams into realities."

The new administrator, who began his duties July 1, is a native of Marietta and Texarkana. He holds a doctor of philosophy and an MA degree from the University of Texas at Austin and a BA from East Texas Baptist College in Marshall. He is a graduate of Texas High School in Texarkana and attended the U. S. Naval Academy, Annapolis, Maryland.

Dr. Anthony was employed by Tarrant County Junior College in 1964 and served as professor of mathematics and director of admissions and registrar and then as dean of instruction before being named president of the Northeast Campus in 1969.

Bruce A. Hogenmiller (class of 1975) has been promoted to vice president-secretary of the Cooperative Savings and Loan of Tyler. He was secretary-treasurer for the association prior to his recent election.

Hogenmiller received a BBA degree with a major in business. He resides at Rt. 11, Tyler.

C. QUENTIN ABERNATHY

\$10,000 Presented For Scholarships

A permanent scholarship fund of \$10,000 to provide two scholarships annually has been presented to Tyler State College/Texas Eastern University by Mr. and Mrs. Ralph Spence of Tyler.

The Spences asked that the scholarships be named in honor of the first chairman of the board of regents, H. J. McKenzie of Tyler, and of the first president of the college, Dr. James H. Stewart, Jr.

In addition, the Spences provided \$500 to allow the scholarships to become effective this fall. Interest from the \$10,000 fund is to provide revenue for future scholarships.

"These two men have accomplished much in such a short time. Men like that have made this community what it is today. Mary John and I wanted a permanent testimony to what these two men mean to Tyler and the institution they represent," Spence said.

Spence said of the McKenzie award, the first to be presented to Texas Eastern University under the new name and to be called The H. J. McKenzie (Mr. Mac) Scholarship, "This scholarship is in recognition of the great contribution made to the rapid development of Tyler State College under his leadership as the first chairman of the board of regents."

Dr. Stewart said of the scholarships, "I want to express appreciation to the Spences for what this will mean to Texas Eastern University and what it will mean to the students more particularly. They are honoring two people, but in another dimension they are honoring students and helping them get an education and make a contribution to society. This is the nature and spirit of the Spences."

Abernathy Elected Chairman Of Regents

C. Quentin Abernathy, banker and industrialist from Gladewater, is serving as chairman of the Tyler State College/Texas Eastern University Board of Regents.

Other officers, elected to their positions in April, include Jeff Austin, Jr. of Jacksonville as vice chairman and Jack C. Morgan of Kaufman as secretary.

Abernathy is the fourth chairman to serve the TSC/TEU Board of Regents. H. J. McKenzie was the board's first chairman and is chairman emeritus of the board. Morgan was the second chairman and Abernathy succeeded Dr. B. H. McKivicker of Lufkin as chairman.

Abernathy and Austin were appointed to six-year terms on the board of regents in 1971 by Governor Preston Smith. Morgan was appointed in 1971 to a two-year term and was appointed to a six-year term in 1973 by Governor Dolph Briscoe.

Abernathy is president of the First State Bank of Gladewater, serves as director of the First National Bank of Carthage and is chairman of the board of five corporations in East Texas. He has been active in civic work in several organizations, including the United Fund, Chamber of Commerce, Boy Scouts of America and Easter Seal Society.

Recognized in 1971 by both houses of the Texas Legislature for service as an "Outstanding Texan," he is past president of the East Texas Chamber of Commerce and the Gladewater Industrial Development Foundation.

Austin is a native of Frankston and a graduate of the University of Texas at Austin. He is president of the First National Bank of Jacksonville.

He is a past president of the Jacksonville Rotary Club and Jacksonville Chamber of Commerce, and has been active in the Texas Bankers Association, the United Fund and March of Dimes cam-

paigns.

Morgan is serving in his third office on the board. He was vice chairman for one year and was elected chairman in 1972. He is a former assistant county attorney and a former member of the Texas House of Representatives. He is a partner in the law firm of Morgan and Shumpert. He is a graduate of the University of Texas at Austin.

Morgan is a member of several organizations in the legal profession, a member of the Masonic Lodge and a director of a Kaufman bank and savings association in Garland.

Abernathy has appointed six committees to serve during his term as chairman. The committees and members include:

Campus and Building: Neal E. Velvin, Athens, chairman; Robert G. Schleier, Kilgore, vice chairman; H. J. McKenzie, Tyler; and Jeff Austin, Jr.

Finance and Appropriations: David K. McKie, Tyler, chairman; B. H. McKivicker M.D., Lufkin; vice chairman; H. J. McKenzie; and Jack C. Morgan.

Academic and Personnel: B. H. McKivicker, M.D., chairman; David K. McKie, vice chairman; Dean W. Turner, Henderson; Robert G. Schleier; and Jeff Austin, Jr.

Legal: Robert G. Schleier, chairman; Jack C. Morgan, vice chairman; and Dean W. Turner.

Executive: C. Quentin Abernathy, chairman; Jeff Austin, Jr., vice chairman; Jack C. Morgan; and B. H. McKivicker, M.D.

Special Committees: H. J. McKenzie, chairman; David K. McKie, vice chairman; C. Quentin Abernathy; Jeff Austin, Jr.; B. H. McKivicker, M.D.; Jack C. Morgan; Robert G. Schleier; Dean W. Turner and Neal E. Velvin.

Three Programs Approved

Three new graduate programs for Tyler State College/Texas Eastern University have been approved by the Coordinating Board, Texas College and University System.

These include the Master of Business Administration, Master of Arts and the Master of Science.

The new Master of Business Administration degree will require some 30 hours of graduate level course work, according to Dr. George Joyce, dean of the School of Business.

Dr. James H. Stewart, Jr., president of TSC/TEU, said "there was a documented need for the Master of Business Administration degree at Tyler State to serve the needs which exist in the East Texas area."

The Master of Arts degree and the

Master of Sciences Degree are in Interdisciplinary Studies which are new in concept and design.

The non-thesis program will require 36 semester hours of course work in three or more disciplines.

The new degrees will be administered by Dr. Frank H. Smyrl, dean of the School of Humanities and Social Sciences. Disciplines or departments presently participating in the program include art, biology, chemistry, drama, English, history, mathematics, music, political science, psychology, sociology and speech.

"During the past two years, many students have expressed a need for a graduate program in the arts and sciences, and these two interdisciplinary degrees will fill much of that need for the East Texas area," Dr. Smyrl said.

SCHOLARSHIPS PRESENTED--Two scholarships have been presented to the Department of Music at TSC/TEU. A Women's Symphony League Scholarship, to be renewed annually, was presented in behalf of that organization by Mrs. Michael J. Livezey of Tyler, 1974-75 president of the League. The Junior Symphony League presented a one-year scholarship with Mrs. J. Harold Stringer of Tyler making the presentation. From left to right are Dr. James H. Stewart, Jr., president of TSC/TEU, Mrs. Livezey, Mrs. Stringer and Dr. Kenneth Muckelroy, chairman of the Department of Music.

ONE OF 98--A Living Textbook Seminar during the second summer term of TSC/TEU attracted 98 public school teachers. The seminar presented ideas for use of a newspaper in the classroom. Among the students was Mrs. Nancy Brown, an elementary school teacher from Tyler.

BUILDING FOR THE FUTURE--Two stages of construction are shown here as Phase I of Tyler State College/Texas Eastern University continues on progress. A side view of the student center (left) shows brick work almost complete and on the right is the

three-story administration building where slab and steel work is complete and brick work is underway. June, 1976 is the anticipated completion date for Phase I construction, which includes five buildings on the 207 acre campus.

Faculty In The News

Dr. John H. Spurgin, assistant professor of political science, is the new president of the Southwest Region of the International Studies Association. He was elected to the office at the annual meeting of ISA/SW in March in San Antonio.

As president of the Southwest Region, Dr. Spurgin will serve on the Governing Council of ISA for the next two years.

Dr. W. Carl Roddy, assistant professor of biology, has been re-elected chairman of Region III of the Texas Undergraduate Education of Biological Sciences (TUEBS). He was also selected to the "Committee of Five," a steering committee for the organization.

Dr. Robert H. Cranford, associate professor of mathematics, has been elected president of the Tyler State College/Texas Eastern University Faculty Senate for 1975-76.

Other officers elected were Dr. Dennis L. Breeden, associate professor of business, as vice president, and Dr. Joanna Martin, associate professor of education, as secretary.

Officers whose terms expired are Dr. Paxton Hart, president, and Dr. Judy Kern, secretary. Dr. Breeden was re-elected as vice president.

Dr. Evelyn Sowell, associate professor of education, spoke on using the newspaper in the classroom at the annual meeting of National Council of Teachers of Mathematics in Denver, Colorado in April.

Dr. Leon E. Eldredge, Jr. was the speaker at two nursing programs in Tyler during recent weeks.

The chairman of the department of nursing spoke on "Nursing at Tyler State College" at a District 19 School Nurse Conference Group on May 15 and on "Current Forces Effecting You As A Registered Nurse" for the commencement address at the Texas Eastern School of Nursing June 13.

Eldredge also recently served as a member of an accreditation team for the Oklahoma State Regents for Higher Education to grant final approval for the nursing programs at three institutions: Northeastern Oklahoma A&M College, South Oklahoma City College and Seminole College. He served as a team leader during the three-day study.

Two field trips have been a part of the learning experience in classes of Dr. Carl Roddy, assistant professor of biology. Seven students from his invertebrate zoology class made a trip to Galveston and the Texas Gulf Coast during the spring semester and 12 students in field biology spent a week in the Big Thicket during the first summer term.

Two sides of law enforcement were presented to a criminology class by Dr. James Hicks during the first summer term. Judge Connally McKay, associate justice of the Court of Civil Appeals,

presented the judicial side of the law at one class meeting and later two inmates of the state prison system spoke to the group. The class included several law enforcement personnel.

Dr. H. Milton Jones, professor of accounting, has received notification from the Texas State Board of Public Accountancy that he is now a Texas CPA. The certificate will be formally awarded at a future meeting of the Texas Society of Certified Public Accountants.

Dr. Frederick Mears, chairman of the department of psychology, made a presentation on "Biofeedback/Behavioral Technology" to the Texas Eastern School of Nursing.

James S. Powell has resigned as director of public information office to take a position as director of advertising at Brookshire Food Stores in Tyler.

Replacing Powell is Archie Whitfield, who has been managing editor for the Tyler Courier-Times for the past six years.

Dr. Noel McCoy has resigned as dean of Student Life to take a position as dean of academic programs at Galveston College. McCoy came to Tyler State College in 1973.

Dr. Gerald L. Morris, chairman of the Department of Mathematics, will represent Tyler State College/Texas Eastern University at the Ninth Annual Summer Seminar on Academic Administration July 27 to Aug. 1 at Baylor University. The seminar is jointly sponsored by Baylor and Texas A&M University.

Dr. Glenn B. Williams, acting chairman of the Department of Art, won first place in the East Texas Fine Arts Association Regional Citation Show in Longview.

The exhibit which includes his work will remain on display through August at the Longview Museum. The museum is closed on Monday.

Williams' winning painting was "The Corner in a Celestial Sphere."

AMONG THE FIRST-- Tyler State College/Texas Eastern University awarded 10 master's degrees at the second annual commencement program in May, the first graduate level degrees awarded by the institution. Ruth M. Bruner of Mineola, who earned a Master of Education degree with concentration in curriculum and instruction, is being hooded by three participants in the commencement program (left to right) C. Quentin Abernathy of Gladewater, chairman of the board of regents, Dr. Robert L. Cox, dean of the School of Education and Psychology, and Dr. James H. Stewart, Jr., president of TSC/TEU.

10 Earn Master's Degree

142 In Second Graduating Class

The Tyler State College/Texas Eastern University alumni list grew from nine to 151 when 142 students received degrees at the second annual commencement held May 17 in Tyler's Harvey Hall.

The graduates represented 36 cities, all six schools within TSC/TEU and 21 areas of concentration.

The first master degrees from TSC/TEU were conferred to 10 students, all in the School of Education.

Dr. David T. Kelly, head of the Division of Program Development, Coordinating Board, Texas College and University System, was the featured speaker.

"You have not finished your education," he told the graduates. "Education is available in school and out and takes place throughout an individual's lifetime."

"Each person must have the opportunity to achieve to his limits. College has provided a variety of experience for you," he said.

Dr. Kelly challenged the graduates to fulfill their obligations to themselves, to Tyler State College and to "continued growth."

"To your college you have the obligation of continued support. Your college will be judged by how well you get on after today," he added.

The School of Education and Psychology had 90 of the 142 graduates, including all 10 who received a master's degree. Twenty-five graduates were from the School of Business, 15 from the School of Humanities and Social Science, five from the School of Fine and Performing Arts, and seven from the School of Technology and Applied Studies.

Areas of concentration for the graduates include: elementary education, 48; secondary education, 20; accounting, 10; curriculum and instruction, 8; law enforcement, 7; psychology, 7; general business, sociology, health and physical education and management, 5 each; history, 4; political science and English, 3 each; speech, finance, reading and marketing, 2 each; art, music, business, and journalism, 1 each.

Participating in the commencement program were Dr. James H. Stewart, Jr., president of TSC/TEU; C. Quentin Abernathy, chairman of the board of regents; Dr. Gerald L. Morris, interim vice president for academic affairs; and the six deans representing the individual schools.

Graduates with a master of education degree include Henria Dan Armstrong, Everlene Banks, Denny Darl Cowan, Berdine Lane Craddock, Claudia Beatrice Curtis and Jerry Monroe Hardy, all of Tyler; Ruth M. Bruner of Mineola, Glenda Clayton of Plano, David Brian Rumbo of Chandler, and Nana Bertha McDaniel of Whitehouse.

Graduates with a bachelor degree by

hometowns include:

TYLER: Earnest Glenn Bass, Gerald Kent Blackstone, Gary Paul Cooper, Jerry Mack Crockett, Frank Cuca, William Allen Dean, Rodger Lynn Ehrlich, Thomas Richard Gatlin, Bruce Austin Hogenmiller,

DR. DAVID T. KELLY

Gregory Paul Johnson, Wayne Carroll Johnson, Jesse Wilson Jones II, Loren Lester Morrow, Glenn Donald Phillips, David Earl Rogers, Elvie Vernitta Rollins and Robert Wayne Uzzell.

Also, Ann Akins, Gerald LaMar Barnes, Lou Ella Belcher, Gerri Lynne Bergt, Nancy Jo Bridges, Luane Avon Chancellor, Petty Jean Chapman, Patrick Timothy Clark, Deborah Jill Cockerham, Rita Jane Colvin, Jack Dempsey Cromer, Deborah Kay Davis, Katherine Hart Dickey, Kandas Ann Dodd, Loma Biddy Dudley, Charlotte Ann Fauss, Linda Sue Fleet, Sandra Jean Gatlin, Bonnie Beaird Golden and Carl Henry Greer, Jr.

Also Karen Sue Hale, Kenneth Lane Hall, Freda Jo Harder, Ena Teresa Hess, Bettie Joyce Jackson, Lolita Marie Lloyd, Tina Loraine Luman, Lynda Jean Meadows, Pamela Neill Murphy, Vickie Ann Perry,

Gary Jack Rachell, Donna Lynn Reed, Michael Evan Saylor, Stephen Lee Simmons, William Dean Snidow, Peggy Sharon Snodgrass, Glenn Ray Walker, Jerry F. Warren, Martha Douglas Wheat, Helen Clella Whitmill, Lynda Joyce Williams, Gerald Lee Hogue, Cassie Charlene Kolodzie, Kelly Glenn Kimberly, J. Mark Loftin, Cathy Louise Myers, Fred Frichot Peterman, Beenie Troy Portwood II and Henry Joel Sprouls.

ALTO: Gerry Lynn McGregor.

ATHENS: Lois Mae Harris, Richard E. Hull and Mary Roberta Smallwood.

ARP: Larry Duvall Hanson and Janet Kay Shuttlesworth.

BIG SANDY: James Lee Moran.

BROWNSBORO: Charlotte Jean Parker and Joyce Ann Herrington.

BULLARD: Barry Lynn Huggins and Ricky Len Williams.

CHANDLER: Kathleen Johnson.

CORSICANA: Gregory C. McGee and Phillip Barry McGee.

DALLAS: Evelyn Ann Golden.

DIBOLL: Doris Nell Robbins.

ELMO: Venita Kay Fuller.

FLINT: Frank Seay Glenn.

FORT WORTH: Charles Lynn Akin.

FRANKSTON: Sheila June Smith.

GILMER: Anita Lee Arrington and Charles M. Johnson.

HALLSVILLE: Jack Bradley Smythe.

HAWKINS: Sally Jan Eubanks.

JACKSONVILLE: Deborah Kay Maxwell and Ronald W. Murdock.

KILGORE: Lois M. Edmons, Amon Holt Horton, Margaret Jill Ledet, Faye LaDon Wiggins and Jennifer Alisse Ater.

LAIRD HILL: Regina Lea Stansel.

LINDALE: Wilbur Peyton Jones and Janet Harriet Wood.

LONGVIEW: Jerry Donald Evans, Douglas Garland Jones, Soren Alfred Potz-Nielsen II, Betty Carol Baker, Camille Russ Bumpass, Donna Raye Cummings, Glenda Sue Oxsheer, Peggy Joyce Rains, Betty Llewellyn Shelton, Barbara Nell Tidwell, Bettye Gayle Watts, Margaret J. Williams, John Edgar Raymer, Robert A. Sullivan, Donald Keith Huddleston, Mary F. Langley, Janie Cooper and Betty Jean Stone.

MALAKOFF: Ann Hightower Benton.

MARSHALL: Mildred Marie Green.

MESQUITE: Monty R. Vandergriff.

MURCHISON: Billy Earl Watson.

NACOGDOCHES: Hank R. Knight.

OVERTON: Joe Charles Hobson.

PALESTINE: Alta Nell Broyles and Peggy Craft.

TROUP: Shirley Aline Crossland.

WHITE OAK: Glyn Rose Caldwell.

WHITEHOUSE: Peter Mikal Mendolia and Sylvia Jean Reel.

WINONA: John Charles Weaver.

GREAT BEND, KANSAS: Autrey P. McVicker, Jr.

\$10.1 Million Budget Adopted

A \$10,152,229 budget for the 1975-76 fiscal year beginning Sept. 1 has been adopted by the Tyler State College/Texas Eastern University Board of Regents.

The budget provides \$3,874,581 for operating expenses and \$6,277,648 for the construction of two buildings during Phase II of the building program.

"This is a budget which is balanced—not just in the sense of balancing the available resources with the expenditures, although it definitely meets this important criterion—but balanced from the standpoint that it allows and permits growth and development of the university's total institutional program in a planned and organized manner," Dr. James H. Stewart, Jr., president of TSC/TEU, said of the new budget.

"It keeps our institutional endeavors on the course of action consistent with our policy of developing a well-rounded program which is designed to meet real needs of our society," he continued.

An important aspect of the new budget is that it provides for 26 new faculty positions, additions to the professional staff including a director of institutional planning and analysis, director of personnel services, admissions officer, student financial aid officer, bookstore manager, two professional librarians, director of university police and a technical assistant to the director of physical plant and resident engineer.

Additions to the classified staff include five new secretarial positions, five clerk-typists, an accounting clerk, and a cashier-revenue analyst.

"We will indeed take some big steps during the 1976 fiscal year because our funding allows significant development in all areas of the university's work," Dr. Stewart said. "This budget allows growth

and development in programs that were initiated when our institution began, and it allows growth and development in new program areas as well.

"This concept of balanced growth and development in accordance with programs which contribute to actual needs existent in our society will, I am confident, serve our institution well during the 1975 fiscal year."

The construction portion of the budget provides \$3,235,701 for a School of Business Building and \$3,041,947 for a School of Sciences and Mathematics Building. These funds were provided through state appropriations by the 64th Texas Legislature and will make up the Phase II portion of the building program. Preliminary work is already underway to secure an architect for the program.

Gains Shown In Enrollment

Major gains in enrollment were recorded in both summer sessions of 1975 compared to the same period of 1974.

The second summer session showed a 99 percent increase with 689 students enrolled. This compares with 346 who enrolled during the second summer term of 1974.

The first summer term of 1975 had 750 students compared to 526 one year earlier.

"Any school is normally elated to get 50 percent of the spring enrollment back. We got 85 percent of capacity in the first summer term and in both summer terms we exceeded previous highs in enrollment," Dr. O. Robert Marsh, dean of admissions and records, said.

Nine Faculty Members Given Ten Promotions

Nine members of the faculty at Tyler State College/Texas Eastern University have received promotions, to become effective Sept. 1.

These include one department chairman moving into a newly created staff position, four new department chairmen being named, two faculty rank promotions and the naming of three coordinators of programs. One of the nine individuals received two promotions.

Dr. Gerald L. Morris was named director of institutional planning and analysis. He has served as chairman of the Department of Mathematics since coming to TSC/TEU in January, 1973. He also served as interim vice president for academic affairs for five months.

New department chairmen include Dr. Robert H. Cranford in the Department of Mathematics, Dr. F. Lannom Smith in the Department of English, Dr. Evelyn Sowell in the Department of Secondary Education and Dr. Kenneth Muckelroy in the Department of Music.

Dr. Muckelroy also received a rank promotion to associate professor from assistant professor. He had also been serving as acting chairman of the Department of Music. Dr. J. Paxton Hart was promoted to professor of English from associate professor.

New program coordinators will be Dr. H. Milton Jones, Dr. Joanna Martin and Dr. Tom Turns.

Dr. Jones will be coordinator of the graduate programs for the School of Business. Dr. Martin is to assume the duties of coordinator of field experiences for the School of Education and Psychology and Dr. Turns will become coordinator of graduate programs in the School of Education and Psychology.
